Subject: FW: Regions: Please share with your state colleagues FW: State review of Draft 2016 Integrated Report Memo

Hi folks,

The new revised draft 2016 IR memo is sent out to all the states via ACWA.
I also sent out ones to our states, so please don't send another one out. I believe I cc'd all the state liaisons.

For CA, I just sent to Rik and he will be sending to RBs I believe. If you have comments, please send to me by July 10.
There is another bite at the apple before this memo goes final.

This version includes comments from all the regions and some states.

Cindy

Hi Regional 303(d) Listing and TMDL and Monitoring Coordinators – Attached, you will find the email that went to states requesting feedback on the draft 2016 IR Memo. I'm also attaching a copy of the memo since you need to access a dropbox to get the document, and a few folks have indicated it didn't work. Please forward to your state colleagues to ensure that everyone has this information.

If you have any questions, don't hesitate to contact me.

Cheers – Shera

Hi Shera,
The circulation from yesterday is attached. If any state folks end up letting me know that they would like more time I will let you know.

Thanks!
Susan

Hi Susan – When you send the email to the state members, would you also forward the email to me. As we have done with other documents, we will forward your email to our Regional colleagues to also share with their state counterparts to ensure that we reach everyone.

Thanks – Shera

Subject: State review of Draft 2016 Integrated Report Memo

Dear Susan,

I'm pleased to provide for State review the Draft 2016 Integrated Report Memo. As you are aware, the memo addresses the following topics:

- 1) *Implementation of the Clean Water Act 303(d) Program Vision* (e.g., discuss long-term prioritization, clarify what is meant by alternative restoration approaches)
- 2) *Continue identifying nutrient-impacted waters for the Section 303(d) list for States without numeric nutrient water quality criteria* (e.g., discuss importance of continuing to work on this area and remind folks of the examples provided in the 2014 IR Memo)
- 3) *Implementation of the Water Quality Framework: Assessment and Total Maximum Daily Load (TMDL) Tracking and Implementation System (ATTAINS)* (e.g., discuss importance of state-scale statistical surveys, and the ATTAINS Redesign)
 - a. *Update to the variable portion of the FY 2017 CWA Section 106 grant allocation formula*
- 4) *Clarification on the assessment and assignment of waters to Category 4C*

We appreciate the review and comments already provided by the States on the Vision section. In this draft, we attempt to address those earlier comments. Importantly, we seek to address flexibility and accountability, as well as consistency with program requirements. We welcome additional comments on the Vision section, as well as comments on the other sections of the memo.

We ask that States please send any comments on the draft IR Memo (one set of comments per State, if possible) to Shera Reems at reems.shera@epa.gov with a copy to Susan Kirsch at skirsch@acwa-us.org by Wednesday, July 15th.

Best,
Jim
